

## CONFINED SPACES

### 2 DAY SAFE ENTRY & EMERGENCY PROCEDURES COURSE

#### Pre-Attendance requirements:

All candidates are to be medically fit to operate Breathing Apparatus throughout the course criteria.

All candidates must be physically & mentally capable of meeting the requirements of the course.

#### Aims and Objectives:

Or each individual to demonstrate an understanding of the following:

- Risk Assessment
- Safety while operating in a confined space
- Emergency Procedures
- Gas Detection
- Legislation
- Use of Safety Equipment
- Breathing Apparatus

#### Assessment Procedure:

Each candidate will be assessed on his or her ability & use of the equipment. A written assessment forms part of the assessment, (please inform us ASAP of any special requirements). All candidates have to satisfy the qualified instructors that they are competent to safely operate in a confined space. This will involve practical Breathing Apparatus wearing in confined space scenarios.

#### Certification:

A valid certificate of competence is awarded to the successful candidate on completion of the course valid for 3 years from issue
